## SKILLS

**Languages & Frameworks:** Dart, Flutter, JavaScript, TypeScript, Node.js, Express.js, React.js, PHP (Laravel, CodeIgniter)

**Mobile & Backend:** Android, iOS,GetX, BLoC, Provider, RxDart, Firebase, REST APIs, JWT, MongoDB, MySQL

**Tools & Engineering:** Git, CI/CD, Clean Architecture, MVVM, AES, Bcrypt

## WORK EXPERIENCE

**Cyphersol Technologies, Multan**

Jun 2022 - Jan 2026

*Flutter & Full-Stack Developer*

- Built and deployed 6+ production Flutter applications across iOS and Android, improving engagement by 40% and reducing crash rates by 25%.
- Developed scalable real-time systems using Firebase and REST APIs serving 10,000+ active users.
- Led GetX-based architecture improving development speed by 30% and reducing code complexity.
- Collaborated with cross-functional teams to deliver stable, production-ready releases on schedule.

**Freelance Full-Stack Developer**

Jan 2022 - Present

*Self-Employed*

- Delivered 10+ live mobile and web applications for international clients across multiple domains.
- Built secure backend systems using JWT authentication, AES encryption, and real-time databases.
- Managed full lifecycle from requirements to deployment and post-launch optimization.
- Achieved consistent client satisfaction through performance-focused and scalable solutions.

## PROJECT WORK

- **Lite Nurse Clinic (2024):** Developed a professional skincare mobile application featuring a consultation system, service catalog, blog modules, and QR-based loyalty functionality to enhance customer engagement and retention. Flutter, Firebase.
- **Blueprint Health & Fitness (2025):** Built a fitness platform enabling users to book classes, manage memberships, and receive real-time updates, improving user retention and overall engagement. Flutter, Firebase.
- **Beyond Today (2025):** Engineered a secure digital legacy application with encrypted document storage, password management, trusted contacts, and privacy-focused architecture for sensitive data handling. Flutter, Firebase, AES Encryption.
- **Urdu Poetry App (2024):** Developed a content-based mobile platform with offline access, search functionality, categorized poetry, and sharing features to improve user engagement and content discoverability. Flutter.
- **Online Barber App (2024):** Created an on-demand grooming services application with real-time appointment booking, push notifications, customer reviews, and admin dashboards for business analytics. Flutter, Firebase.
- **Top Coaches (2024):** Built a multi-sport tactical whiteboard application with a custom drawing engine, draggable player elements, and export functionality to support coaching and strategy visualization. Flutter.
- **QuickSaver (2024):** Developed a high-performance video downloader supporting reels, stories, and offline storage with optimized performance and a privacy-focused design. Flutter.
- **Jordanian Sports (JSC) (2025):** Developed a bilingual sports community and e-commerce platform supporting player and referee registration, live match updates, product store, and role-based access, optimizing API performance to reduce user registration time by 30%. Flutter, JWT APIs.
- **Safe City App (2025):** Built a civic safety and incident reporting system with GPS-based reporting, image uploads, real-time status tracking, analytics dashboards, and offline demo mode, ensuring reliable performance and usability. Flutter, Firebase.
- **Qik-E (2025):** Created a freelancer quotation management application enabling users to generate, calculate tax, export, and share quotations as PDFs, automating workflows and reducing manual effort by 50%. Flutter, Firebase, PDF Generation.
- **Session Buddy (2025):** Developed a lifestyle tracking application with custom algorithms for session and mood logging, leveraging Firebase Realtime Database for instant synchronization and reducing app startup time by 35%. Flutter, Firebase.

## EDUCATION

---

National University of Modern Languages (NUML) 2022 - 2026  
B.S. Computer Science *GPA: 3.3/4.0*

## AWARDS AND ACHIEVEMENTS

---

- 1st Place – Library App Development Competition, MNS University, Multan Apr 2025
